

## TOP-PERFORMING AVIONICS FOR UAVs

# ALWAYS ON TRACK

RADA, a world leader in proven avionic systems, is proud to offer a wide spectrum of *unique* avionic products optimized for Unmanned Aerial Vehicles (UAVs) of all sizes.

- Extremely compact through modern board connectivity solutions
- Innovative conductive cooling techniques
- Withstanding extreme environmental conditions
- Exceptionally reliable
- Highly affordable

**ICP** - Interface Control  
Processor

**MAVINS** - Modular Avionics  
& INS/GPS for UAVs

- Complete system solution for MALE, Close-Range & Tactical UAVs
- All-in-One core avionics "Systems-in-a-Box" for Mini & Micro UAVs

**RADA**  
*Innovative Defense Electronics*
